Experience

Full Stack Development with React Native Trainee, Technical Hub

June 2024 - Timely

- Worked on front-end and back-end development using React Native. Built responsive user interfaces and integrated APIs.
- Managed databases and optimized code for performance.

Web Development Intern, Cognifyz Technologies

Aug 2024 – Sep 2024

- Worked on diverse projects and tasks, including developing responsive web applications.
- Collaborated with cross-functional teams and implemented best practices for coding and design.

Full-Stack Intern, Technical Hub

June 2024 - July 2024

- Proficient in HTML, CSS, and JavaScript with hands-on experience in building responsive web applications.
- Developed and hosted a fully functional travel website project, showcasing proficiency in front-end development and web design.

Projects

Travel Tale | *HTML, CSS, Javascript*

- Developed and deployed a responsive tourism website showcasing travel destinations using HTML, CSS, and JavaScript.
- Implemented an intuitive user interface with modern web technologies to enhance user experience.
- Optimized website performance for cross-device compatibility and responsiveness.

Shop Ease | *React js, Javascript*

- Developed an e-commerce web application using React.js, enabling product search and real-time cart management.
- Implemented state management with React's useState and useContext hooks for dynamic cart updates.
- Designed responsive components, including search bar, product list, and cart, ensuring seamless user experience.

Netflix Clone | *React, UI*

- Developed and hosted a Netflix clone application, focusing on UI replication using React.
- Utilized React to implement responsive layouts and dynamic content loading for seamless user interaction.
- Showcased proficiency in front-end development and interactive UI design.

Technical Skills

Languages: C++ , Java ,Python ,HTML , CSS , Javascript , Bootstrap

DBMS languages: SQL (MySQL)

Productivity Tools: Microsoft Excel ,Microsoft PowerPoint, VScode,Sublime Text

Version Control: Git (Basic Usage)

Operating Systems : Linux and Windows

Technologies/Frameworks: React,React-Native

Certifications

IT Specialist – HTML and CSS  - certiport

Introduction to Networks  - cisco

Oracle certified professional  - oracle

SQL (Basic)  - Hackerrank

Programming Essentials in C++  - cisco

Achievements

Successfully tackled 195+ problems on [LeetCode](#) and 155+ problems on [GeeksforGeeks](#). Successfully resolved 295+ problems and achieved the status of a 2-star coder on [CodeChef](#). Attained 5-star badges on [HackerRank](#) in C++ and Java.

Secured the winner's position in the Web Designing Contest conducted by JNTUK Vizianagaram.
